PROFESSIONAL EXPERIENCE

McCOMBS SCHOOL OF BUSINESS, UNIVERSITY OF TEXAS, Austin, TX

2011-CURRENT

Lead Sitecore Web Developer

Began position as a contract employee through Austin Recruitment Consultants Ltd.

- Trained and supervised three full time and eight student developers in C#, Sitecore CMS, agile software development, source control systems, and other technologies as needed.
- Reviewed code produced by full time and student developer positions.
- Developed an alumni giving site to help boost the percentage of alumni who donate to the university. Creation of the site increased donations by 50%.
- Integrated new designs to utilize Bootstrap responsive framework.
- Upgraded our Sitecore instance from version 6.4 to 6.6.
- Created widgets to help users with limited to no HTML knowledge build professional looking websites by entering their data into fields in a clean, understandable user interface.
- Modified existing code to provide users with a more intuitive, robust, and error free experience.
- Implemented and maintained our issue tracking and code repository systems.
- Built LAMP stack Mercurial(Hg) DVCS server with LDAP authentication.
- Created and maintained Sitecore Page Editor controls to give users a more intuitive experience while editing their content.
- Maintained a codebase rated “A-” by Engagency, LLC. for architecture, maintainability, use of Sitecore CMS features, and security.
- Used arduino microcontrollers to win Holiday Door Decoration contest.

ATX HACKERSPACE, Austin, TX

2015-2016

Director of Education - Board of Directors

- Created curriculum for classes on tool use, safety, crafting techniques, and technology.
- Managed independent contractor teachers and instructors.
- Expanded class offerings leading to a 100% increase in class revenue.
- Negotiated 5 year lease on 8,000 sq. ft. commercial property with tenant improvements.

RENEWDATA, Austin, TX

2010-2011

eDiscovery Specialist

- Handled sensitive client data with speed and accuracy to meet court deadlines.
- Developed C# .Net 4.0 application to populate case statistics to a SQL database, ensuring accurate tracking of all data handled by eDiscovery department.
- Reduced manual eDII file processing time by 98% by developing conversion software.
- Developed C# .Net 4.0 application to split multiple-choice records into chunks, allowing the department to properly migrate a large dataset into our Relativity hosting platform.
- Assisted in developing standardized processes for the eDiscovery department.

DELOITTE, Hermitage, TN

2008-2010

Level 2 Helpdesk Analyst / Level 2 Operations Specialist

- Assisted with a C# ASP.NET 3.5 application that allowed a set of users to manage a limited pool of eDiscovery system resources.
- Used LINQ to SQL to provide database connectivity to a SQL server 2005 database.
- Designed the specifications and mockups for the custom Work Request Tracking Software that the department uses to track issues, calls, and client requests.
- Supervised the development and deployment of the above mentioned ticketing software.
- Tested new patches and changes to infrastructure and software platforms our eDiscovery hosting relied upon.
- Provided excellent customer service to internal employees and external customers with any and all IT related needs.

ROBERT HALF INC. – CONTRACTED TO COMMUNITY HEALTH SYSTEMS, Franklin, TN

2008

Helpdesk Analyst

- Assisted Community Health Systems with merger of several hospitals.
- Directed hospital IT staff through advanced issues with networks, systems, and software.

BROOKSOURCE – CONTRACTED TO PINNACLE FINANCIAL PARTNERS, Murfreesboro, TN

2008

Helpdesk Analyst

- Assisted Pinnacle Financial Partners merge with Bank of the South and Prime Trust.
- Provided support for banking software, productivity software, Windows, and hardware.
- Corrected underestimations in datacenter cooling needs, saving approx. \$60,000.

DELL INC., Nashville, TN

2006-2007

Level 2 Technician/Coach

- Coached and trained technicians in customer service, tool usage, and troubleshooting.
- Partnered with team managers to ensure their teams met or exceeded goals.
- De-escalated customers who have received service below their expectations.

Phone Technician

Began position as a contract employee through Spherion Technologies.

- Maintained consistently high metrics.
- Handled incoming warranty support calls with a focus on quality customer service.

HONORS
